

Distance Education Report November 2020

1. Ohio and North Central have completed the most modules. All but one camp had at least one person complete a module. Packets of certificates will be mailed to the directors to distribute.
2. There are four people who have taken every module! Susan Fischer, Lynnette Goebel, Gerry Jackson, and Bethany Mitchell.
3. SLT program – AWARD PINS -Three people have earned at least one certificate this year: Fred Dziedzic - Ohio /Ryan Gopp – Ohio / Rosemary Hall – Land o Lincoln
Pins and certificates will be mailed this fall. Eight camps now have at least one person with SLT.
4. The new module on staff education for health care issues and standards will be piloted this coming year. Melissa Nemunaitis of Ohio is just about to send me the last unit.
5. North Central has already had 30 learners.
6. June Davidson and Kendra Mohn will be new facilitators.
7. Moving from four to three module series has been good. Now modules do not run so close to camp dates.
8. Occasionally modules run at odd times: CILT modules and if a camp requests a module just for DDs or board members, etc.
9. There have been technical issues with WordPress. Matt has talked to the developers, but not always with results. We have made “work-arounds.”
10. I am working on standardizing the technical instructions in all the modules.
11. The best news this year is that Shirley Jamieson has retired and can now start to learn to oversee Distance Education. We have had two Zoom meetings so far and she is helping me with revisions. You will see her more throughout the year and by conference time next year she will be the director.

Joan Hacquebord

ACC Distance Education Director

SLT 2015
